About FDP

This Faculty Development Programme shall provide a platform for enhancing the teaching-learning process. It aims to bring **Professors and Teachers** from various technical and social science institutes in India together under one roof so they may exchange best practices for instructing and training students. Various methods of teaching the current Gen Z students will be discussed, including digital tools and understanding the psychology of the students. This knowledge-sharing forum intends to bring together academics from higher education to discuss sustainable teaching methods.

Importance of FDP

The latest technological advancements in the global digital era have made the teaching profession, a real challenge for 21st century educators. The erratic movements in education and technology are the new normal, worldwide. There is a universally felt need for an integrated system of values and academic excellence in the teaching-learning environment. In this scenario, the FDP intends to equip the teaching fraternity with multi-faceted techniques to effectively disseminate knowledge to young learners. It aims at sharpening the skill-set of the educators, enabling them to be emotionally balanced, intellectually vibrant, and professionally competent to inspire, educate, and mentor the young learners to soar high in the new digital era. The programme further equips the academicians to empower the students to become compassionate, fulfilled individuals, ideal citizens, and contributing members of the world order. The FDP also aspires to address the New Education Policy 2020 in higher education from the teacher's perspective.

Objectives of FDP

- To help faculty members / teachers develop a toolkit of teaching techniques and strategies to assure quality and efficient management instruction.
- To expose faculty members / teachers to various pedagogies while combining crucial pedagogical knowledge, abilities, dispositions, and commitments that allow for high-level practice.
- To allow participants to comprehend and put "Outcomes Based Teaching" and "Learner Centric Teaching Strategies" into practice.
- To understand the new Technique and Digital Tools in Education for teaching practice in the new regime .
