## About RPA First Grade College, Bengaluru

Education in the present context is the metamorphic phenomenon. Education enables students to acquire a greater control over their destiny. Thus, the college through the years has been successfully moulding students to the present time by providing a cost-effective, high quality and values-based exposure to the kind of competition and knowledge they would face in their careers and lives. Our purpose is to stimulate and emphasise the importance of education in order to bring out completeness in each and every student. The faculty at R.P.A. have always tried inspire students to achieve excellence in different fields. Not only academic excellence but also overall personality development of each and every students is stressed upon. The students are allowed to demonstrate their understanding and skills on various platforms. Continuous encouragement and support from the parents as well as many philanthropists are a key factor in the progress of our institution.

## About Primax Foundation, Bengaluru

Primax Foundation (Reg. No JNR-211-2015-16), Established in 2015 is a registered non-profit organization located in Bengaluru, Karnataka, India. Being committed to social development, it offers high-quality educational and professional development opportunities through workshops, conferences, seminars, and training programs. These programs encompass journal publications, faculty development, management development, educational and skill development initiatives, and research activities. As an emerging training and development center, Primax Foundation provides both on-campus and off-campus programs to empowering students, research scholars, and faculty members with the knowledge and skills needed for academic and professional success.

## About the FDP

Outcome-Based Education is an innovative approach to learning that shifts the focus from what is taught to what is learned. At its core, OBE aims to equip students with essential knowledge, skills, and attitudes that are relevant to real-world contexts, ensuring they are well-prepared for success in their careers and lives. It revolves around defining specific, measurable, and observable learning outcomes that students are expected to achieve by the end of their educational journey. These outcomes guide the design of curricula, teaching methodologies, course design, development, delivery and assessments. The present Faculty Development Programme is an endeavor in this direction. Outcome Based Education is a shift towards Student Centered classrooms with focus on learning outcomes.

## Objectives

- To create awareness among faculty members about Outcome Based Education to implement the same in teaching learning system and assessment of students.
- To help understand the philosophy and implementation of OBE in teaching-learning system and assessment of students
- To use various innovative teaching learning methods to improve student engagement and learning outcomes.
- To use various innovative teaching learning methods to improve student engagement and learning outcomes
